DEDICATION

BERTHA OSBORNE

This Town Report is affectionately dedicated to the late Bertha Osborne, who worked very hard for many years performing the arduous, unglamorous duties of Tax Collector for the Town of Newport. Over the years, as the town grew, so did the burden of her job, yet she carried on valiantly without complaint.

TOWN OFFICERS

Selectmen	Soterios A. Saggiotes, Chairman Raymond L. Barrett Anthony C. Maiola Ronald E. Lemay Bernard E. Root
Town Manager	James E. Hannigan
Tax Collector	James E. Hannigan
Town Clerk	Sophie G. Paul
Town Treasurer	Jonathan A. Howard
Moderator	1/76-11/2/76 Harry V. Spanos Gordon B. Flint Jr.
Supervisors of Checklist	Priscilla Spanos 1/76-11/2/76 Myron Tenney Martha E. Lovely Patricia C. Billings
Fire Chief	E. James Wright
Chief of Police	Norman R. Lacroix
Town Counsel	Harry V. Spanos
Civil Defense	James J. Dombroski
Trustees of Trust Funds	Richard Dearborn Jonathan A. Howard Mary R. Niemi
Ambulance Director	Royal A. Wallace III

TOWN MANAGER'S REPORT

1976

To: Selectmen, Employees, Taxpayers and Citizens of Newport:

The Bicentennial year of 1976 saw Newport taking part in the celebration of the birthday of our country by holding different events throughout the year to show our interest in things that have happened in the past, and also to help provide history for future generations.

Finally after three years we have an up-to-date audit that is printed in this report and we are printing the summary of findings and recommendations as presented with the 1973-74 report that we received from the state after our 1975 report was completed by our auditors.

It was very unfortunate that there had to be such a time lapse in getting the state audit and many of their findings go back a long way.

Many of the errors that are pointed out are caused by the cumbersome legislation known as the "Budget Law." It does not have its place in the fast moving economic structure that we have to live under today.

The Town Meeting is a democratic way to decide on what services you want and what you have to pay for in taxes when you vote. The selectmen are elected to see that those things are carried out for you, the taxpayer, and in 1976 made a very conservative budget that was again cut by the budget committee, and the selectmen did not request the town meeting to put anything back in the budget.

We lived within it except for a few items, the landfill, an unexpected major breakdown of equipment, insurance, added costs, some brought on by a change in the workman's compensation law, and higher interest costs.

But you can only be conservative to a point, then it starts to cost money. When a piece of equipment is costing too much in maintenance, it should be replaced. When electrical wiring in a building is old, it is dangerous and should be replaced.

The department heads, who work on a daily basis with the problems, are the people who keep the town running. The selectmen discussed these needs with them and their budget was given to the Budget Committee as the selectmen's budget.

The budgets that were presented to the budget committee were a 12-month budget to compare with 1976 and an 18-month budget that we have to have to make the fiscal year change, so you will be voting only on the 18-month budget that will operate the town until June 30, 1978.

The budget committee worked many hours on the preparation of the budget and should be commended for their dedication, but they have made cuts in some of the budgets that will curtail good maintenance or needed services. Please give serious consideration when you vote at town meeting.

Respectfully submitted,
JAMES E. HANNIGAN
Town Manager

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newport qualified to vote on Town Affairs:

You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act upon the following subjects:

ARTICLE 1. To elect two Selectmen for a term of three years.

ARTICLE 2. To elect three members of the Budget Committee for a term of three years.

ARTICLE 3. To see how the Town will vote on the following question: "Are you in favor of the adoption of the 1975 BOCA (Building Officials and Code Administrators) building code ordinance as amended by the Planning Board."

ARTICLE 4. To see if the Town will vote to rescind its previous vote which adopted the provisions of the Municipal Budget Law, as provided for in the New Hampshire Revised Statutes Annotated, Chapter 32, Section 1.

ARTICLE 5. To elect a member of the Trust Fund Commission for three years and all other Officers, Auditors, Agents and Committees necessary to conduct Town Business, also one Trust Fund Commission member for one year.

ARTICLE 6. To see if the Town will vote to authorize the Board of Selectmen and Town Treasurer to borrow money on the notes of the Town to meet current expenses in anticipation of Taxes and pass any vote in relation thereto.

ARTICLE 7. To hear the reports of Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote in relation thereto.

ARTICLE 8. To see what discount the Town will vote to allow on 1977 Taxes if paid within ten days of the posting of the Tax Invoice.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate in accordance with Revised Statutes Annotated 80:42 acquired by the Town through Tax Collector's deeds or in any other manner.

ARTICLE 10. To see if the Town will vote to authorize the Selectmen to employ auditors to inspect and audit the books of the town and its departments for the ensuing year and to pass any vote in relation thereto.

ARTICLE 11. To act upon the following question: Do you favor changing the opening hours of conducting the business portion of the annual Town Meeting from two o'clock in the afternoon to seven o'clock in the evening, beginning with the annual Town Meeting in 1978?

ARTICLE 12. To see if the Town will vote to approve and adopt the recommendations of the Budget Committee, raise and appropriate the various sums contained in the report and listed in the Budget which includes the following list of special appropriations:

(A) To see if the Town will vote to appropriate the sum of FIVE HUNDRED AND FORTY-ONE THOUSAND DOLLARS ($541,000.00)

and accept any sum equal to this amount from the Federal and State Government to be expended only for Community Development and/or Recreation projects. (Recommended by the Budget Committee.)

(B) To see if the Town will vote to appropriate the sum of TWENTY THOUSAND DOLLARS ($20,000.00) toward the purchase of a new fire truck, and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Also to authorize the Selectmen to expend the funds accumulated in the Trust Funds for this purpose. (Recommended by the Budget Committee.)

(C) To see if the Town will vote to appropriate the sum of THIRTEEN THOUSAND DOLLARS ($13,000.00) for the purchase of a new highway truck, and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Without recommendation by the Budget Committee.)

(D) To see if the Town will vote to appropriate the sum of THIRTY-THREE THOUSAND DOLLARS ($33,000.00) for the purchase of a highway landfill loader, and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Recommended by the Budget Committee.)

(E) To see if the Town will vote to appropriate a sum of NINE THOUSAND SIX HUNDRED DOLLARS ($9,600.00) as the final payment on the tax mapping contract as authorized by the 1975 Town Meeting, and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Recommended by the Budget Committee.)

(F) To see if the Town will vote to appropriate TWENTY THOUSAND DOLLARS ($20,000.00) to deposit in the Oak Street Bridge Replacement Fund and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Also to authorize the Selectmen to expend the funds accumulated in the Trust Funds for this purpose. (Recommended by the Budget Committee.)

(G) To see if the Town will vote to appropriate a sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000.00) for the continuation of the ARC (Athletic Recreation Complex) and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Without recommendation by the Budget Committee.)

(H) To see if the Town will vote to appropriate a sum of TWENTY THOUSAND THREE HUNDRED NINETY-SEVEN DOLLARS ($20,397.00) for the Richards Library for capital improvements to help cut present heating costs, and to authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. (Recommended by the Budget Comittee.)

(I) To see if the Town will vote to continue its membership in the regional planning commission, now organized and named the Upper

Valley-Lake Sunapee Council, and to raise and appropriate the sum of FOUR THOUSAND FOUR HUNDRED AND TWENTY-SIX DOLLARS ($4,426.00) as the town's share of the annual operating expenses of the regional planning commission to be used in conjunction with other state and federal funds available for planning purposes. (Without recommendation by the Budget Committee.)

(J) To see if the Town will vote to raise and appropriate the sum of THREE THOUSAND DOLLARS ($3,000.00) to install a storm drainage system on Beech Street from Grandview Avenue to Winter Street. (Without recommendation by the Budget Committee.)

(K) To see if the Town will vote to raise and appropriate the sum of TWELVE THOUSAND DOLLARS ($12,000.00) to complete the renovation of the upper floor of the Court House Building, and to authorize the Selectmen to accept any federal and state funds, or other gifts to complete this project. (Without recommendation by the Budget Committee.)

(L) To see if the Town will vote to raise and appropriate the sum of TWELVE THOUSAND DOLLARS ($12,000.00) for the purpose of paving the Town Office, Town Hall and Opera House drive and parking area. (Without recommendation by the Budget Committee.)

(M) To see if the Town will vote to raise and appropriate NINETEEN THOUSAND EIGHT HUNDRED AND NINETY DOLLARS ($19,890.00) to fund the Juvenile Officer program in the Police Department for the 18-month budget based on $13,000.00 for the 12 months of 1977, and accept any funding to become available on a matching basis by the Governor's Commission on Crime and Delinquency. (Not recommended by the Budget Committee.)

(N) To see if the Town will vote to appropriate the sum of ELEVEN THOUSAND SIXTEEN DOLLARS ($11,016.00) for the purpose of funding an Assistant Director of Recreation and Parks under the 18-month budget. The salary is based on an annual rate of $8,000.00. The position is to be funded from March 1977 to December 1977 at a cost of $6,776.00. The cost from January to June 1978 is $4,240.00 figuring a 6% increase in salary. These figures total $11,016.00 from March 1977 to June 1978. (By petition.)

(O) To see if the Town will vote to raise and appropriate the sum of TWO THOUSAND DOLLARS ($2,000.00) for the purpose of purchasing chairs and allied equipment for the Newport Town Hall. (By petition.)

(P) To see if the Town will vote to appropriate funds received under Title II of the Public Works Employment Act of 1976 for use as a set-off against the Budget appropriation for the highway account in the amount of $2,198.00.

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to negotiate with surrounding towns on a yearly basis for the use of the Newport landfill.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to sell, lease or negotiate any contract agreeable with the Federal and state agencies involved to dispose of the Reed House.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen to borrow the necessary funds to defray additional costs that result from the adoption of the 18 months transitional period as allowed by Title 31, Section 94-d.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to appoint a Task Force to thoroughly investigate and make a report on the concept of an area landfill prior to the Town making any agreements with other towns regarding the use of the proposed landfill in light of:

(a) the possibility of pollution of the Sugar River from the present landfill;

(b) the fact that the proposed landfill site lies within a residential area;

(c) the fact that a clarification of the zoning status of the area is needed;

(d) the fact that the proposed landfill site lies within close proximity to a major town water supply and several private water supplies;

(e) the fact that the State of New Hampshire has ordered a new test well for the area in question. (By petition.)

ARTICLE 17. To transact any other business which may legally come before said meeting. (Polls shall be open for the reception of ballots at 9:30 a.m. and shall not be closed earlier than 7:00 p.m.)

Given under our hands and seal at Newport, New Hampshire, this 16th day of February, 1977.

POLICE DEPARTMENT

Town Manager, James Hannigan, Selectmen, Town of Newport, Citizens of Newport:

The Newport Police Dept. has completed another year of activity including some changes in methods of operation, personnel and general improvement.

On Jan. 1, 1976, a new method of incident reporting procedure was initiated. This involves an increase in work load but is a much improved method by which all incidents involving the department are clearly and accurately filed for future reference and use. Calls for service have increased over the past year but criminal cases are not as numerous and I feel this is due to the alertness and dedication to duty of the qualified personnel of the Newport Police Dept.

The Juvenile Program had continued to function successfully to help prevent juvenile crime through counseling and genuine interest in the young people of our community.

The department participated in some in-service training during the year.

In July of this year Officer David Chartier resigned, after having served with the department for five years, to accept a position with the Newport Highway Dept. Evans Juris, who has been associated with the Newport Police Dept. for four years, was appointed to fill this vacancy. Officer Juris was instrumental in developing the Crime Check Program in Newport which continues to be of much help to the department and the people of the community in general. The public has shown a sincere interest in this program and in many instances has been a definite help to the department in our constant battle to prevent crime in our community. At this time the department wishes to extend its thanks for their cooperation and hope that the interest and cooperation will continue.

Robert Ballou and Jerri Sue Young joined the staff of dispatchers this year replacing Bryant Brown and Terri Stone who left for employment elsewhere.

Since my retirement becomes effective on June 1, 1977, I would like to take this opportunity to thank the people of Newport for their confidence and support through all of the last 23 years of my service with the Newport Police Dept. Also many thanks to County Attorney Edward Tenney for his valued advice, his always willing and eager help in the business of combating crime. I appreciate very much the cooperation and consideration I have always received from the area police departments, the Sheriff's Dept. and certainly from the staff of the Newport Police Dept. I have been proud to serve in this area of service to the people of my town.

I sincerely wish my successor, with the help of God, a successful and fruitful term of service to the people of Newport.

Respectfully submitted,
NORMAN R. LACROIX
Chief

NEWPORT FIRE DEPARTMENT

The Fire Dept. responded to 407 calls in 1976, an increase of 30 calls over 1975. Included in the total were 16 bell alarms, 128 telephone calls, three false, five out of town, six extra duty and 249 calls for burner inspections, wiring, chimney inspections, cats in trees etc.

This year 31 men went to state-sponsored training schools plus the state ran a school for eight weeks for 14 men under the direction of Capt. Peter Perry and two state instructors. This is a total of 2,598 hours for 45 men of the department.

The department purchased 10 new Plectrons and one Encoder. This completes our system so that every man is in contact with the department. We also purchased 400 ft. of 2½'' hose. We plan to add new hose each year to replace hose older than 20 years.

The department was given a 1969 Dodge van by Mr. Gary Noble of Gary Noble Chevrolet to be used as a rescue truck. We have had occasion to use it several times.

On behalf of the Fire Dept. personnel, I wish to express my appreciation to the town officers and citizens of Newport for their fine cooperation in keeping our fire losses low.

Respectfully submitted,
E. JAMES WRIGHT
Chief

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Dept. has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three-year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The state also provides backup personnel and equipment for suppression and prevention activities.

The combination of state and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

1976 Forest Fire Statistics

	No. of Fires	No. of Acres
State	746	294
District	44	25
Town	8	2.8

GERALD S. GROSS
District Fire Chief

E. JAMES WRIGHT
Forest Fire Warden

HIGHWAY DEPARTMENT REPORT
1976-77

Seven hundred bags of calcium chloride were spread on roads this year.

There were 354 tons of cold patch used in repairing shoulders and holes in the roads.

There were 970 tons of salt used and 2,000 yards of sand was stockpiled for the winter.

The department installed 1,820 feet of culvert pipe and 1,000 feet were used in the Miller's Development.

We planked the bridge on the Brook Rd. with steel and new planks.

Under TRA, funds have been used on Page Hill for a period of two years.

Farmers' Mix was used on East Mountain by Laber's, Landfill Rd., DeWalt Ave., Fourth St. and Clark St.

Oil was used on the following: Roseland Ave., Fairbanks St., DeWalt Ave., Sand Hill, Fourth St., East Mountain Rd. by Laber's, Clark St., Cary St. and Gardner Rd.

Hot top was used on paving the following streets: Prospect, Whitney Ave., Dexter, South, Church, Golf Club Rd., Laurel St. (north end), and sidewalks on Main St. by the Town Hall, Depot St., Pleasant St., Maple St. and Laurel St.

The department used 3,200 yards of gravel on Gould Rd. and others.

FRED D. JOHNSON
Superintendent

CEMETERY DEPARTMENT 1976

In 1976 the Cemetery Dept. assisted with 67 burials.

Pine Grove Cemetery	37
St. Patrick's Cemetery	16
North Newport Cemetery	14

Along with the routine burials, regular care, and maintenance of all cemeteries, we were able to repair many extra graves this year.

We also repaired some of the older stones in Maple St. Cemetery.

Sincerely,
ROBERT HUTCHINSON

SEWER DEPARTMENT

Under public law 92-500, the town is required to clean up that part of the aquatic ecosystem which has become polluted because of activities that take place within the town. In order to meet the requirements of this Federal law, the Sewer Department has embarked on a three step approach aimed at secondary sewage treatment.

Step one was completed in early fall of 1976 and a hearing was held to inform the public of our progress. Less than thirty citizens out of a population of approximately 3,500 served by the sewerage system, attended this meeting.

Various types of treatment were discussed and a brief cost analysis on each proposal was presented. Based on the results of this study, one type of treatment was by far most cost effective. Rotating Biological Contactors would be less expensive to maintain and operate than other systems under consideration.

On December 16, 1976, representatives from Newport, Hoyle, Tanner & Associates (consulting engineers) and the state inspected plants utilizing rotating biological contactors. We came away from this trip impressed with the simplicity and ease of operation that is inherent with this type of secondary treatment.

Our annual inspection by the Environmental Protection Agency was conducted by Mr. Larry Brill, Sanitary Engineer, resulting in overall rating of excellence and commendation in our operations and maintenance. In addition, we were inspected monthly by N. H. Water Supply & Pollution Control Commission.

In May 1976, the recording rain gauge was moved from Parlin Field to the municipal treatment plant by the National Oceanic & Atmospheric Administration. This greatly assisted our consulting engineers in determining areas of infilitration and aids us in anticipation of high flows with its resulting treatment problems.

On April 14, William O. Royce, Chief Operator of the Sewerage Treatment Plant, attended a public hearing in Concord, N. H. in regards to the possibility of New London sending its sewage to Sunapee with an increase of treated effluent to the Sugar River. He questioned if an increase in effluent from Sunapee might in some future time cause Newport to require better treatment than the secondary treatment now required by law. He was assured by the N. H. Water Supply & Pollution Control Commission (and it is in the minutes of the meeting) that if this increased the load on the Sugar River, the burden would fall on New London and Sunapee to provide that treatment. However, this does not change our requirement for secondary treatment.

The following volumes were treated at the Municipal Treatment Facility in 1976:

A. Total Sewage 281,000,000 gallons, an increase over 1975 of 57,000,000 gallons.

B. Sludge Dewatered 445,721 gallons

C. Sludge Cake to Landfill 130,695 pounds

The following volume of industrial wastewater was treated at the Guild Stabilization Ponds:

A. Total Sewage 317,000,000 gallons, an increase over 1975 of 18,000,000 gallons.

Plant efficiencies with total number of tests performed were as

follows:

A. Municipal Plant

I. B.O.D.'s	37% removal (25 tests)
II. Total Susp. Solids	61% removal (224 tests)
III. Settleable Solids	99% removal (234 tests)

B. Stabilization Ponds

I. B.O.D.'s	75% removal (24 tests)

In addition, 24 hour composite testing was performed by Environmental Analysts, Inc., Milford, N. H. on Total & Hexavalent Chrome, Phenols, Sulfide, Oil & Grease, B.O.D.'s and Total Coliform. Removal efficiencies are not available for these as they were only tested on plant effluents.

Normal operations for the Sewer Department were as follows:

Main Sewers Cleaned	13
Private Sewers Cleaned	24
Manholes Rebuilt	6
New Manholes	1
Sewer Mains Installed	1
Sewer Mains Repaired	11
New Sewer Services	4

Respectfully submitted,
JEFFREY WILLETT
Superintendent
Water and Sewer Departments

WATER DEPARTMENT

The Safe Drinking Water Act of 1974 will be put into operation in June 1977. This act is of utmost importance to those of us who supply water for public consumption. I've studied the law extensively during the past year and find Newport fortunate in that compliance will not mean large expenditures of money in the near future.

For the third year in a row, progress was made in upgrading the hydrant system. Two outdated hydrants were replaced and one new hydrant installed.

Our regular operations for 1976 were as follows:

Water Services On	37
Water Services Off	34
Hydrants Repaired	12
Hydrants Greased, Flushed & Poled	256
Mains Repaired	21
New Water Services	8
Meters Installed	10
Frozen Water Meters	14
Water Meters Tested	83

Respectfully submitted,
JEFFREY WILLETT
Superintendent
Newport Water and Sewer Dept.

DEPARTMENT OF RECREATION AND PARKS
1976 Annual Report

1976 for the Department of Recreation and Parks was highlighted by the completion of our new tennis and basketball courts, thirty meter ski jump and the nearly completed multi-purpose athletic field and ice-hockey rink. The construction of these facilities means the end of Phase II of the Athletic Recreation Complex. We are now in the planning stage of Phase III which will include baseball and softball fields, parking and shuffleboard courts. There may also be a provision for lighting the tennis and basketball courts. Both the Newport Nordic Club and Jaycees deserve a great deal of credit for their part in helping to develop the ski-jump and ice-hockey rink. I would also like to thank Sullivan County Engineer Leon Geil for his hard work in assisting with the planning and coordination of Project ARC.

Throughout the past year, the Department of Recreation and Parks has continued to strive to offer a diversified program for all age groups. In excess of seventy programs serving the very young, school age, adult and senior adult segments of the community were offered including several brand new programs such as a summer recreational swim program for disabled children, model building, chess club, etc.

In order to effectively coordinate such an extensive year-round program, as well as maintain the Community Center, ice rink and over ten acres of public park land, it has been necessary to supplement the undermanned department work force with Federally subsidized employees. Such Federal programs as CETA (Comprehensive Employment Training Act) and Work Experience, both coordinated by Manpower Training, have provided the Recreation and Parks Department with an Assistant Director, as well as maintenance and secretarial personnal. Hopefully, the Town of Newport will be able to fund the position of Assistant Director in 1977 and Federal funding will continue to provide much needed assistance in other areas.

The Community Center continues to be a hub of community activity, operating seven days each week and catering to young and old alike, as well as many special interest groups who use the facility for meetings, displays and other activities. Daily records maintained throughout the year indicate that an average of eighty people use the Community Center each day with the number frequently exceeding one hundred. The ice rink on the Common continues to be a popular facility drawing between eighty and one hundred people daily with maximum figures reaching the two hundred mark on some occasions. The new tennis and basketball courts received heavy use upon their completion last August and will contribute significantly to the quality of recreation in Newport. Thanks to the Nordic Club, the ski-jump was used extensively in 1976 as the club offered both a jumping instruction program and competitive meets. Playground '76 drew more children than ever before as a wide range of activities and special events were planned. Some of the highlights included a trip to the ocean, overnight camping and a fascinating excursion to Sturbridge Village in Sturbridge, Mass. The "Learn to Swim" program attracted over one hundred swimmers in Beginner, Intermediate and Advanced classes. Many thanks to the Newport Chamber of Commerce who generously helped sponsor the use of Claremont outdoor pool for the lessons.

My heartfelt thanks and appreciation are extended to the members of the Recreation and Parks Advisory Council for their guidance throughout the year. The council consists of Sharon DeMayo, Chairperson, Daniel Budd, Vice-Chairman, JoAnn Hague, Secretary, Celestine Wiggins, Thomas Pfenning, William Thurlow, and new members Barbara Rosinski, Bruce Jasper and Tammy Kiniry, Student Representative. My sincerest thanks also to the wonderful members of the Parents for Recreation headed by Carol Rollins who have worked so hard on the following projects: Baseball uniforms for the Babe Ruth League, the Annual Babe Ruth Baseball dinner, athletic equipment, a public address system to be used both indoors and out for various programs and special events and new backboards for the Community Center gym.

It is through the diligent efforts of such people that the Department of Recreation and Parks is able to maintain its momentum in continuously striving to provide meaningful recreational activities, programs and special events which add to the quality of life in Newport. To all of those who have volunteered their time and effort in the past year, a most sincere and appreciative thank you.

Respectfully submitted,
JOHN D. HARVEY
Director of Recreation
and Parks

NEWPORT PLANNING BOARD

January 21, 1977

Town of Newport
Town Office
Sunapee St.

Mr. James Hannigan:

During 1976 the planning board held 10 regular meetings on the 4th Monday of the month. In addition, 5 special meetings were held. There were 24 requests for subdivisions that were acted upon which created 57 lots. In addition, three preliminary subdivision requests were reviewed which will create 31 new lots.

Planning board members participated in 12 meetings with other groups.

The biggest project undertaken by the Newport Planning Board in 1976 was the study of various building codes. As a result of this study, the Newport Planning Board recommended that if Newport adopts a building code, it should be the BOCA code.

Respectfully submitted,
HAROLD A. LaVALLEY
Chairman
Newport Planning Board

COMMUNITY DEVELOPMENT REPORT

For the past two years Newport has been successful in obtaining Department of Housing and Urban Developemnt Grants. There was $137,000 for the Old Courthouse Park Project in 1975, and $225,000 for the Riverside Housing Project in 1976.

The projects have not moved as quickly as desired due to bureaucratic delays and problems with the Naional Historic Preservation Council. As a result of their intervention, the brick house on Central St. known as the Joel Nettleton Homestead and the front or mansard roofed section of the red house next to the Police Station or Issac Reed House have been excluded from demolition and the project.

In the remainder of the Courthouse Park Project, the acquisition, relocation and demolition have gone very smoothly. All that remains to be completed is the installation of the parking lot and the park. This will be let out for bid for the spring construction season.

The Riverside Housing Project which involves acquisitions of 10 parcels of property, relocation of several families and businesses and demolition of eight buildings to clean up the area along Central, Sunapee and Canal Street and the Sugar River was cleared of all environmental and historical interest in late 1976 and is presently in the process of being appraised for acquistion. Acquisition, relocation and demolition should be complete by the end of the summer.

A third year of funding has been applied for for five activities in 1977, totaling $541,000. The activities include a Rehabilitation Loan and Grant Program for homeowners and landlords, acquisition of the Arlington American Sample Book Company buildings for expansion of the Housing for the Elderly Site, acquisition of 107 and 137 Sunapee St. to be razed for off-street parking and sewer line extension to serve Oak and Union St. Preliminary notice of approval should be received just about Town Meeting time if it is to be funded.

With the exceptions of some unavoidable delays, all-in-all 1976 has been a very successful year for Newport in receiving and using Federal Community Development Funds.

Respectfully submitted,
KENNETH G. LURVEY
Project Administrator

NEWPORT AREA HOME HEALTH AGENCY
Annual Report 1976

1976 has been a year of growth and change for the Newport Area Home Health Agency. Our services to the towns of Newport, Croydon, Newbury, Lempster and Unity include skilled nursing care ordered by a doctor (injections, dressings, blood pressure monitoring), preventive services, patient education and rehabilitation instruction.

Our nurses have provided instruction and guidance to expectant mothers, to new mothers and those having infants with special needs, to those seeking family planning information, to the handicapped and the elderly.

Referrals come to the agency from doctors, hospitals, other community agencies, and concerned residents of the towns. Many of our nursing services are covered by Medicare, Medicaid, private insurances, or direct patient fees (which are arranged on a sliding scale). No services are refused due to inability to pay, and situations which require other community services are referred by the agency.

Free immunization clinics are held every other month (total 300 children received 700 immunizations) and monthly Well-Child Clinics are held to provide preschoolers with physical exams, laboratory tests, immunizations and parental counseling. Eligibility for WCC is based on financial status. One hundred children were enrolled with a total of 250 visits.

Physical therapy is provided in the home when indicated by a Registered Physical Therapist who made 300 visits in the past year.

The agency staff (one full-time and three part-time RNs, one full-time and one part-time secretary) have been busy this year adding a dental screening clinic to the services and working hard to establish the WIC program of nutrition supplements and a Family Planning service. We are hopeful these will become available during 1977.

With the increase of early hospital discharges the agency works closely with area hospitals as well as Mary Hitchcock Medical Center (total 1,420 visits) and participates in ongoing staff education programs, seminars, and workshops to continually update our professional skills and provide the best possible care for our patients.

In October, we received a one time, non-renewable grant for the purpose of expanding our services for the elderly and those not presently under medical care.

We appreciate the support we have received from the area towns in the past and encourage your continued involvement with the agency.

Respectfully,
MRS. ROBERTA LEARY RN
Director

NEWPORT HOSPITAL REPORT

Mr. James Hannigan
Town Manager
Newport, New Hampshire 03773

Dear Mr. Hannigan:

The Newport Hospital showed a net loss of $50,147.25 for fiscal year 1976. The total income was $807,109.18 with total operating expenses being $857,256.43.

The number of patients admitted to the hospital was 713; treated in the Emergency Room were 3,948; Laboratory procedures performed were 35,716; and X-Ray procedures performed were 4,365.

Nineteen thousand dollars in loans, to meet operating expenses, was added to the $5,000.00 already on the books, leaving the hospital with $24,000.00 in notes payable.

The expansion fund mortgage shows a balance of $17,612.88 which will be eliminated during fiscal year 1977.

The average length of stay, for in-hospital patients, was reduced from 6.12 days to 5.23 days, which, if applied to the 713 patients admitted, means a loss of 634 patient days, or approximately $91,000.00. Although the loss in revenue is significant, the improvement in patient care, which is our goal, is evident.

Two physicians were recruited to Newport during 1976: Dr. William Carl Cooley, Pediatrician and Dr. Volker Bradley, General Surgeon.

New services instituted are Alcohol Counseling through the Counseling Center of Sullivan County and an Alcohol Discussion Group which meets at the hospital every Friday evening.

I anticipate the addition of two new physicians to the Hospital Staff in 1977 which will mean better availability of health care and higher utilization of services.

Very truly yours,
GERALD F. USERY
Administrator

NEWPORT AMBULANCE SERVICE

The Newport Ambulance Service answered 494 calls during 1976. The Ambulance Service, the vehicles, and the crew members are all licensed with the state and meet all regulations. The members are licensed "Emergency Medical Technicians," and Advanced Red Cross members.

Coverage to the area towns has continued this year. Each town that we have covered with service has helped to support the Ambulance Service with tax assistance based on population, at $2.00 per head. The Ambulance Service hopes to continue service to all communities in our area again in 1977.

The Ambulance Service has also responded to all major fires, in all communities. This is added protection of life and limb to all concerned.

The Newport Police Department has continued to serve as our dispatcher and has proven very valuable to our service and response time. Our telephone number for emergencies is 863-2355.

The crew consists of Royal Wallace III, Director; Albert Gobin, Paul Duling, Orren Barton, Mike Patten, Walt Patten, Tom Clough, Gordon Blood, Babe Frye, Terry Frye, Sandra Wallace, Robert Billings, Warren Jensen, Arthur Harris, Jerri-Sue Young, and Gary Nichols.

Respectfully submitted,
ROYAL A WALLACE III
Director

CIVIL DEFENSE

This year the Newport Civil Defense Agency, as well as other Civil Defense Agencies throughout the state, was subject to many administrative changes called for by the State Civil Defense office in Concord. We were, however, approved and reinstated by the state agency.

The Emergency Operations Simulation Training (EOST) which was originally scheduled for May of this year was postponed and then terminated by the state agency due to the lack of funds. It is not yet known as to whether or not this program or one similar will be reinstated at a later date.

Next year should bring many changes to our agency and with the new administration we hope the changes will benefit Newport and its citizens.

Respectfully submitted,
JAMES J. DOMBROSKI
Director

NEWPORT MUNICIPAL AIRPORT
Parlin Field

Activity	1975	1976
Aircraft arriving	679	737
Aircraft departing	679	733
Passengers arriving	1,584	1,482
Passengers departing	1,612	1,522
Classification of Flights		
Business	176	278
Commercial	64	50
Other	439	409

(These flights do not include flights by aircraft stationed at Parlin Field)

We are happy to report no accidents for the year of 1976.

The main runway was sealed this year with funds from the N. H. Aeronautic Commission.

Numbers and lanes were repainted on the runway and sprinkled with fluorescent crystals.

Paint was purchased to paint the Airport house, the project was not completed because of weather, to be finished in the spring.

Brush and trees were cut on the south end of the main runway.

Respectfully submitted,
ALBERT A. GOBIN
Airport Manager

RICHARDS LIBRARY
LIBRARIAN'S ANNUAL REPORT 1976

THE LIBRARY TAX DOLLAR

$4.38 of your tax dollars bought 762 books, 116 recordings, 45 magazine subscriptions, four newspapers (out of a total of eight), reference services and reader assistance, film programs, preschool story hours, telephone service, helped to maintain the building and pay the salaries for one full-time and seven part-time employees. **Your** tax dollar helps to provide the library services that are available to you and your family as residents of this community and entitles every citizen to use the "Free Public Library."

In 1849, the New Hampshire State Legislature was the first in the nation to pass permissive legislation enabling towns to levy taxes for the support of public libraries. Free public libraries in New Hampshire receive **no** state aid, and infrequent Federal aid. Thus, their very existence is, in most cases, dependent on the local tax dollar.

In a recent editorial by John Berry, editor of the "Library Journal," he questions how long America's libraries can continue to be called "free," as more and more of them charge borrowers for the variety of services offered. In Newport, N.H., we can sit back and say he's not talking about us; but in 1976, the Richards Library began charging for some small services which were previously gratis. It is true that the added charges for postage on special interlibrary loan requested materials and on second overdue notices to delinquent borrowers is minimal compared to the Champaign, Ill., Public Library charging rental fees on all recordings, films, projectors and art prints. This is a clear indication that every public library in the nation is facing the realistic facts that there must either be cutbacks or ways and means to keep the library doors open.

The Library Board of Trustees faced this situation in the spring of 1976. As a result, successful efforts were made to sell gift and museum books, roof railings, and even a ceiling fan from the ballroom. The Friends of the Library also recognized the needs and included a special request for book monies in their annual membership appeal. A total of $504 was collected in addition to their annual $1,000 donation to be used exclusively for purchasing new books. They also began a campaign in December for funds to purchase a 1977 edition of the "Encyclopedia Britannica" to replace the 1959 edition. As far as is possible, it is up to us to provide the best books and materials on all subjects, which will fulfill the demands of the reading public in this community.

"INFORMATION POWER HOUSE"

The idea of a library being just a "storehouse" faded many years ago. Today's library is an "information power house," that stretches far beyond the storehouse concept and out into the community. In 1976, the Richards Library circulated 41,621 sources of information to those in the community. This included not just books, but magazines, recordings, reference materials, pamphlets, newspapers, and framed art reproductions.

Further extension of the library included making 16mm films and a projector available to groups and organizations for programming;

participating in Junior High School orientation to the public library with 240 students attending the sessions at the high school; compiling and presenting the 87-year history of the library and librarians for the Newport Business and Professional Women's Bicentennial Program; cooperating with the Newport Historical Society in their efforts to establish a local museum (all historical artifacts that were in the old library museum have now been moved to the Newport Museum at the Municipal Court House, and National Library Week was the big event of the year.

Special displays of representative books from the 18th century to the present were organized by Mrs. Kerwin Purnell, assistant librarian, and displayed in the library and Harrington's Jewelry Store. A poster contest was held for students in Grades 4 through 6 with 165 entries featuring the National Library Week theme and displayed in local stores. Spot radio announcements were broadcast by the local WCNL radio station, and more than 300 first, second, and third-grade students from Richards School and the Jack and Jill Kindergarten attended three separate presentations by Tomie dePaola, local author and illustrator of children's books.

National Library Week was successful not only because the various activities extended the library into the community, but also because our efforts brought state recognition to the Richards Library with the receipt of third prize in the New Hampshire Library Assn.'s National Library Week contest.

PEOPLE POWER

We recognize that there are many individuals who contribute in a variety of ways to the ongoing services of the library. We particularly want to acknowledge the members of the Friends of the Library organization for their loyal and generous support. A special vote of thanks goes to Mrs. Howard Dunbar for serving as president of the Friends for the past three years. She has done an outstanding job.

We acknowledge with much gratitude those who have volunteered to help with the weekly preschool story hours: Mrs. Dorothy Churchill, Mrs. Nanette Geertz, Mrs. Marian Berry, Mrs. Carol Lord, and Mrs. Betty Bickford. Each have contributed, in their special way, to make the story hours a very vital and fun event for the preschoolers who attend. A special salute goes to Mrs. Churchill, who not only helped with story hours, but over the past several years, she has had the ideas and constructed the many attractive displays both in the library and in the outside show case.

Recognition of the time and effort rendered by the library board of trustees is given to: Alphonse J. Soucy, chairman; Edward DeCourcy, vice-chairman; Carolyn Terhune, secretary; Edna L. Edes, treasurer; Calista Thurlow (town-elected trustee); Stanley Richardson, James E. Lantz, Lou Dean Franz (who is completing a six-year term), and Michael R. Feeney (who, due to a change of residence, has been replaced by Jean W. Patten).

GIFTS AND DONATIONS

Memorial donations were given in memory of: Robert W. Bates, Mrs. Theresa A. Webster, Charles Lloyd Jobes, Jack Berry, Mrs. Edna Malool, Gwendolyn Roe, Derek Shaw, Barbara Drown, Mr. and Mrs. Jacob Perelman and Mr. and Mrs. Louis Hirsch. All of these, plus other individual gifts, have helped in the purchase of selected books

which strengthened various subject areas. Also received in late December was a $500 bequest under the will of the late Helen M. Wood.

Many friends donated hundreds of books for the annual Library Festival book sale. All donations are checked through the library collection and some are used us replacements for worn out copies, others are added as new to the library collection. In addition, we are indebted to Mrs. George Gundersdorf of Goshen, and the late Dr. Howard L. Schulberg of New York City, son-in-law of Mr. and Mrs. C. Wesley Hallett, for their very generous new book donations. Such donations enable us to extend our book buying power to a great degree.

YOUR BASIC RIGHT

Every taxpayer in Newport has the right to say, "What am I getting for my $4.38?" Few would argue with the fact that libraries command respect and are valuable to a community, **but what if you don't use the Richards Library?** The public library serves the educational process by helping to make available knowledge and ideas required for the growth of the mind and the increase of learning. As an integral part of the American democracy we cherish, a free public library provides to **all** citizens one basic freedom — "To Read." Whether you use it or not, you have the right.

Respectfully submitted,
JEAN MICHIE
Librarian

LIBRARY ARTS CENTER
ANNUAL REPORT
[Not supported by local taxes]

"Touch Me," the first exhibit designed specifically for the blind and visually handicapped, was organized and transported throughout the state by Douglas Duchin, director of the Library Arts Center. After being on exhibit at the Library Arts Center, the show traveled to the New Hampton School, New Hampton, N.H.; the New Hampshire State Prison, Concord; New Hampshire State Hospital, Concord, and the Laconia State School, as well as other schools and localities throughout the year.

Exhibits on display at the center included "Sun Show," with art works of Jean Wireman, Madeline Thomson, Jackie Mancini and Tomie dePaola; Art in New Hampshire, a touring educational exhibit; paintings and drawings, William Blakesley; quilted banners and soft sculpture, David Perkins; Constructions, Eleanor K. Praeger; etchings, Frederick Robbins; art prints by Gene Matras; paintings and serigraphs, Leslie Loomis Vansen; a Currier and Ives exhibition of original lithographs from the collection of the Travelers Insurance Companies, with McCrillis & Eldredge as sponsor, and the ever-popular 10th Annual Area Art Show.

Newport was offered the opportunity of enjoying Children's Theatre and Story Theatre, the latter funded in part by a grant from the N.H. Commission on the Arts and the National Endowment for the Arts. Also, with the same funding, the Arts Center was able to offer a baroque concert, the Boston University Young Artists Program, a Ragtime Concert and a Dance Wagon which was held on the Newport Common.

The Humanities Class from Newport High School, under the direction of William Massey, teacher, involved itself with each new exhibit, and in May wrote, directed, costumed and acted out "A Rainbow Circus." Two performances were enjoyed by the elementary school children and many adults. This was a good example of how the school and the Arts Center can and should benefit one another.

Two Apple Pie Crafts Fairs, one in winter and another in the summer, have served both the local handicraftsman as well as the buyer successfully.

In order to meet the needs of area people who want additional learning experiences, various courses have been offered at the center, including pottery, watercolor, tap-dancing and crafts.

The Newport Rotary Club began using the gallery for their weekly lunches and meetings, and many organizations have continued to hold meetings there as in past years.

Effective Nov. 15, 1976, Douglas Duchin, executive director of the Library Arts Center, resigned in order to accept a position as librarian for Yankee Book Peddler, Contoocook. In the year and a half Mr. Duchin was connected with the center, the exhibits, programs and classes reached a new high, and the Arts Center began to take its proper role in the life of Newport and the surrounding towns. Mr. Duchin contributed greatly to this end.

Before the end of this year a new executive director, Audrey Sylvester, Bradford, was hired and will begin her duties on the 3rd of

January, 1977.

The Library Arts Center looks forward to our best year yet, with more activities and continuous gallery shows. We hope to see you viewing the exhibits, enrolling in classes, and enjoying the programs offered. Come visit the center, which is the building behind the library. You will be welcomed.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Newport, New Hampshire 03773

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts and records of the Town of Newport for the fiscal years ended December 31, 1973 and December 31, 1974, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of this report.

One of the enclosed audit reports must be given to the Town Clerk for retention as part of the permanent town records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Municipal Court, Water and Sewer Departments, Parking Meter Fund, Conservation Commission, Municipal Airport Fund, and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets:

As of December 31, 1972 and December 31, 1973 (Exhibit 1)
As of December 31, 1973 and December 31, 1974 (Exhibit 30)

Comparative balance sheets which disclose the financial condition of the General Fund as of December 31, 1972 and December 31, 1973 are presented in Exhibit 1. As indicated therein, the current surplus of the Town increased by

$38,723 in 1973, from $36,746 at December 31, 1972 to $75,469 at December 31, 1973.

The financial condition of the General Fund as of December 31, 1973 and December 31, 1974 is shown in the comparative balance sheets included in Exhibit 30. As stated therein, the current surplus decreased by $36,677 in 1974, from $75,469 at December 31, 1973 to $38,792 at December 31, 1974.

Analyses of Change in Current Financial Condition:

Fiscal Year Ended December 31, 1973 (Exhibit 2)
Fiscal Year Ended December 31, 1974 (Exhibit 31)

Statements presenting analyses of the factors which caused the change in the current financial condition of the Town during the fiscal years ended December 31, 1973 and December 31, 1974 are contained in Exhibits 2 and 31, respectively.

As stated earlier, the current surplus increased by $38,723 in 1973. The factors which caused this increase are as follows:

Increase in Current Surplus:		
Net Budget Surplus (Exhibit 4)	$38,771	
Decrease in Current Surplus:		
Tax Collector's Excess Debits (Net of Credits)	48	
Net Increase in Current Surplus		$38,723

In 1974, the current surplus decreased by $36,677. This reduction was brought about by the following factors:

Decrease in Current Surplus:		
Net Budget Deficit	$36,892	
Increase in Current Surplus:		
Tax Collector's Net Excess Credits	215	
Net Decrease in Current Surplus		$36,677

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues:

Fiscal Year Ended December 31, 1973 (Exhibits 3 and 4)
Fiscal Year Ended December 31, 1974 (Exhibits 32 and 33)

Comparative statements of General Fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1973 are included in Exhibits 3 and 4. As shown in the Budget Summary (Exhibit 4), a revenue surplus of $49,109, less a net appropriation overdraft of $10,338, resulted in a net budget surplus of $38,771 in 1973.

Exhibits 32 and 33 contain comparative statements of General Fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1974. The Budget Summary (Exhibit 33) discloses that a net appropriation overdraft of $27,906, plus a revenue deficit of $8,986, created a net budget deficit of $36,892 in 1974.

Capital Projects Fund:

Comparative Balance Sheets:

As of December 31, 1972 and December 31, 1973 (Exhibit 5)
As of December 31, 1973 and December 31, 1974 (Exhibit 34)

Comparative balance sheets which disclose the financial condition of the Capital Projects Fund as of December 31, 1972 and December 31, 1973 are included in Exhibit 5.

As indicated therein, at December 31, 1973 the assets of this Fund amounted to $112,847 and consisted of cash deposits in the sum of $49,329, Federal grants receivable from sewer construction totaling $63,300, and miscellaneous accounts receivable of $218. Liabilities of the Fund included engineering fees payable - $5,790; planning grants due to HUD - $90,000; and an unexpended sewer construction appropriation balance of $327. There was an unappropriated surplus of $9,031, which represents the premiums received by the Town on the sale of the 1971 Sewer Bonds. Accrued interest on investments amounting to $7,699 made up the appropriated surplus which was voted by the 1973 Town Meeting to defray, in part, construction costs for certain sewer extensions.

Comparative balance sheets reflecting the financial condition of the Capital Projects Fund as of December 31, 1973 and December 31, 1974 are contained in Exhibit 34.

As stated therein, the resources, liabilities, and surplus of this Fund amounted to $454,440 at December 31, 1974. Assets included cash deposits of $22,622, long-term notes authorized, unissued - $190,000, Federal grants receivable for sewer construction - $206,600, loans due from the Sewer Maintenance Fund - $35,060, and other accounts receivable of $158. Liabilities of the Fund included engineering fees payable - $5,790; loans payable to the General Fund - $176,727, planning grants due to HUD $90,000, and prefinancing

loans for sewer construction due to the State of New Hampshire - $143,300. The unappropriated surplus of $9,031 and the appropriated surplus of $7,699 mentioned earlier in this section for the fiscal year ended December 31, 1973 remained unchanged at the end of 1974. Unexpended appropriations for capital projects totaled $21,893 and included the following: unexpended sewer construction appropriation - $8,620; town office renovation appropriation - $13,273.

Comparative Statement of Appropriations and Expenditures:

Fiscal Year Ended December 31, 1974 (Exhibit 35)

A comparative statement of Capital Projects Fund appropriations and expenditures for the fiscal year ended December 31, 1974 is presented in Exhibit 35.

As stated therein, Federal grant reimbursements in the amount of $383,050 were received during 1974 in connection with the Town's water pollution abatement (sewer) construction project. The sum of $62,457 was expended for sewer construction expenses and a payment of $312,300 was made to the State of New Hampshire for prefinancing funds advanced by the State. The unexpended balance of the sewer construction appropriation at December 31, 1974 amounted to $8,620, as previously stated.

During 1974, the town office renovation project was authorized by the annual Town Meeting. The sum voted for this purpose was $190,000, which amount was authorized to be raised by the issue of long-term notes. Expenditures made during 1974 for this project totaled $176,727, and were made by General Fund checks. This in effect created an advance from the General Fund to the Capital Projects Fund. This advance will have to be refunded to the General Fund upon issuance of the long-term notes authorized for the aforesaid project. The unexpended appropriation balance for this purpose at December 31, 1974 amounted to $13,273.

Water Department:

Comparative Balance Sheets:

December 31, 1972 - December 31, 1973 (Exhibit 6)
December 31, 1973 - December 31, 1974 (Exhibit 36)

Comparative balance sheets showing the financial condition of the Water Department at December 31, 1972 and December 31, 1973 are contained in Exhibit 6. As stated in this Exhibit, the retained earnings of the Department increased by $56,742 during 1973, from $56,635 at December 31, 1972 to $113,377 at December 31, 1973.

Comparative balance sheets wherein the financial condition of the Water Department at December 31, 1973 and December 31, 1974 is disclosed are included in Exhibit 36. As shown therein, the retained earnings of the Department increased by $8,246 during 1974, from $113,377 at December 31, 1973 to $121,623 at December 31, 1974.

Statements of Revenue and Expense:

Fiscal Year Ended December 31, 1973 (Exhibit 7)
Fiscal Year Ended December 31, 1974 (Exhibit 37)

The results of the Water Department operations for the fiscal year ended December 31, 1973, as reflected by the Department's records, are shown in Exhibit 7.

Operating revenues in 1973 totaled $133,120. Expenditures in this period, including interest of $19,740 on outstanding water bonds, amounted to $56,378. This resulted in a net income of $76,742 for the fiscal year 1973.

The operating results of the Water Department for the fiscal year ended December 31, 1974, as reflected by the Department's records, are outlined in Exhibit 37.

Operating revenues of $107,055 and other revenues $538 were received in 1974. Expenditures during the period, including interest of $18,900 on outstanding water bonds, amounted to $74,347. This resulted in a net income of $33,246 for the fiscal year ended December 31, 1974.

In connection with the financial condition and results of operations for the Water Department as disclosed in the foregoing Exhibits, we direct your attention to the comments thereon which are included hereafter under the section entitled "General Comments and Recommendations".

Sewer Maintenance Fund:

Comparative Balance Sheets:

December 31, 1972 - December 31, 1973 (Exhibit 8)
December 31, 1973 - December 31, 1974 (Exhibit 38)

Comparative balance sheets showing the financial condition of the Sewer Maintenance Fund at December 31, 1972 and December 31, 1973 are presented in Exhibit 8. As stated therein, the accumulated deficit of this Fund increased by $59,483 during 1973, from $91,647 at December 31, 1972 to $151,130 at December 31, 1973.

Comparative balance sheets which express the financial condition of the Sewer Maintenance Funds at December 31, 1973 and December 31, 1974 are contained in Exhibit 38. As disclosed therein, the accumulated deficit of this Fund increased by $40,011 during 1974, from $151,130 at December 31, 1973 to $191,141 at December 31, 1974.

Statements of Revenue and Expense:

Fiscal Year Ended December 31, 1973 (Exhibit 9)
Fiscal Year Ended December 31, 1974 (Exhibit 39)

A statement outlining the results of the Sewer Maintenance Fund operations

for the fiscal year ended December 31, 1973 is contained in Exhibit 9.

Operating revenues of this Fund in 1973 totaled $86,217. Expenditures during the said year, including interest of $92,388 on outstanding sewer bonds, amounted to $145,700. The net loss on operations in 1973 was therefore $59,483.

The operating results of the Sewer Maintenance Fund for the fiscal year ended December 31, 1974 are shown in Exhibit 39.

Operating revenues of this Fund in 1974 amounted to $115,264. Expenditures during the said year, including interest of $87,281 on outstanding sewer bonds, totaled $155,275. The 1974 net loss realized on operations was $40,011.

Your attention is respectfully called to the remarks which are included later in this report under the General Comments and Recommendations regarding the accounts of the Sewer Maintenance Fund.

Long-Term Indebtedness:

Comparative Balance Sheets:

December 31, 1972 - December 31, 1973 (Exhibit 10)
December 31, 1973 - December 31, 1974 (Exhibit 40)

Comparative balance sheets which disclose the long-term indebtedness of the Town as of December 31, 1972 and December 31, 1973 are included in Exhibit 10. As stated therein, the long-term debt decreased by $106,950 in 1973, from $2,638,350 at December 31, 1972 to $2,531,400 at December 31, 1973.

During 1973, long-term notes in the amount of $50,000 were issued in accordance with the vote of the Town. Matured bonds and long-term notes in the aggregate amount of $156,950 were paid during the same period.

The long-term indebtedness of the Town as of December 31, 1973 and December 31, 1974 is reported in the comparative balance sheets found in Exhibit 40. As indicated therein, the long-term debt decreased by $163,650 during 1974, from $2,531,400 at December 31, 1973 to $2,367,750 at December 31, 1974.

During 1974 matured long-term notes and bonds in the aggregate amount of $163,650 were paid by the Town.

Statements of Debt Service Requirements:

December 31, 1973 (Exhibit 11)
December 31, 1974 (Exhibit 41)

Statements showing annual debt service requirements (principal and interest) as of December 31, 1973 and December 31, 1974 are contained in Exhibits 11 and 41, respectively.

Treasurer

General Fund:

Classified Statements of Receipts and Expenditures (Exhibits 12 and 42)

Summary statements of General Fund receipts and expenditures for each of the years ended December 31, 1973 and December 31, 1974, made up in accordance with the uniform classification of accounts are included and presented in Exhibits 12 and 42, respectively.

Capital Projects Fund:

Sewer Construction Fund (Exhibits 13 and 43)

Statements showing the source of receipts and the nature of expenditures of the Sewer Construction Fund for the fiscal years ended December 31, 1973 and December 31, 1974 are presented in Exhibits 13 and 43, respectively.

Water Department (Exhibits 14 and 44)
Sewer Maintenance Fund (Exhibits 15 and 45)

Statements showing the source of receipts and the nature of expenditures of both the Water Department and the Sewer Maintenance Fund for the fiscal years ended December 31, 1973 and December 31, 1974 are included in Exhibits 14 and 44, 15 and 45, respectively.

Revenue Sharing Fund

Statements of Revenue, Expenditures, Encumbrances and Fund Balance:
(Exhibits 20 and 50)

The fiscal activity in the Revenue Sharing Fund during the fiscal years ended December 31, 1973 and December 31, 1974 is shown in Exhibits 20 and 50, respectively.

As indicated in Exhibit 20, unencumbered funds at January 1, 1973 amounted to $42,904. Entitlement payments received from the Federal government totaled $129,814 during 1973 and interest income in the amount of $5,157 was realized on investments of idle funds. Expenditures for authorized purposes were made in the aggregate amount of $53,438 during the year. At December 31, 1973 there were encumbered appropriations of $37,000 outstanding whereas the balance of unencumbered funds was $87,437.

As shown in Exhibit 50, entitlement payments received from the Federal government totaled $114,533 in 1974 and interest earnings on the investment of idle funds amounted to $8,369. Expenditures of $152,376 were made for authorized purposes during the year. Available funds at December 31, 1974 consisted of $5,487 in encumbered funds and $89,476 in unencumbered funds.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records.

General Comments and Recommendations

Overdraft of 1974 Appropriations and Application of the Municipal Budget Law:

As indicated in Exhibit 33 the General Fund Comparative Statement of Appropriations and Expenditures, during 1974 budgetary expenditures exceeded the total appropriations voted by the Town Meeting and consequently resulted in a net appropriation overdraft of $21,462, computed as follows:

Overdrafts of Budgetary Appropriations	$59,262
Unexpended Balances of Budgetary Appropriations	37,800
Net Overdraft of Budgetary Appropriations	$21,462

In towns operating under the provisions of the Municipal Budget Law, R.S.A. Chapter 32, Section 10-a, stipulates that when it becomes necessary to expend money in excess of an appropriation which may result in an overexpenditure of the total amount appropriated for all purposes, the selectmen, with the written approval of a majority of the budget committee, must apply to the Commissioner of Revenue Administration for authority to make such expenditure.

In keeping with this requirement, under date of December 23, 1974 the Selectmen made application to the Commissioner of Revenue Administration for authority to incur expenditures of $19,900 in excess of 1974 budgetary appropriations. The Commissioner, however, approved the sum of only $15,400.

As a result of this situation, it must be stated that there was an unauthorized net appropriation overdraft in the aggregate amount of $6,062 in 1974, computed as follows:

Net Budgetary Overdraft	$21,462
Less: Excess Expenditures Approved by Commissioner of Revenue Administration	15,400
Unauthorized Net Appropriation Overdraft	$ 6,062

Limitation of Appropriations in Towns Operating Under the Municipal Budget Law:

In towns operating under the Municipal Budget Law, the provisions of R.S.A. 32:8 stipulate that "the total amount appropriated at any annual town meeting shall not exceed by more than ten per cent the total amount specified in the budget for said meeting, and no appropriation shall be made for any purpose not included in said budget, provided, however, that the budget committee may also submit, without approval items which they do not wish to recommend but which they believe the voters should be allowed to consider and act upon, either favorably or unfavorably."

Our examination revealed that in 1973 the Town Meeting voted to appropriate "the sum of $3,000 to revise the Newport Zoning Maps and Ordinance". It is noted, however, that there was no amount included in the posted budget for this purpose.

Similarly, the 1974 Town Meeting voted to appropriate monies for the amounts and purposes enumerated below, even though there were no appropriations included therefor in the posted budget for the said meeting:

Oak Street Bridge Replacement Fund	$ 20,000
Belknap Avenue Bridge Replacement	90,000
New Highway Truck and Pick Up	11,800
Sanitary Landfill Site Purchase	13,000
Regional Planning Commission	3,740
Senior Citizen Center	1,800
Bicentennial Committee	4,000
Renovation and Reconstruction of Primary School Building and Grange Hall	190,000
	$334,340

Inasmuch as these items were not included in the posted budget for the 1974 Town Meeting, it must be asserted that the appropriations for the above stated purposes were not made in accordance with the applicable statutory provisions of law.

It was also noted that the annual budgets do not make specific provisions for the appropriation of monies for the Conservation Commission. According to Exhibits 19 and 49, however, annual appropriations of $1,600 have been paid to the said Conservation Commission in both fiscal years 1973 and 1974.

Special Budget Form Prescribed for Use by Towns Operating Under the Municipal Budget Law:

Pursuant to the statutory requirements of R.S.A. 32:5, special budget form M-7 is prescribed by the Commissioner of Revenue Administration for towns which have adopted the provisions of the Municipal Budget Law.

It is noted that the proposed budgets included in the Newport annual town reports do not conform to the format of the said form M-7. In this regard, it must be asserted that the proposed budgets inserted in the said annual town reports should be identical to the budget form which is required to be posted with the Town Warrant.

As stated earlier, all appropriations which are to be acted upon by the town meeting must be included in the posted budget therefore, either as recommended or submitted without recommendations by the Budget Committee. Articles which are disapproved by the Budget Committee are not inserted in the posted budget and may not be acted upon by the town meeting, except that petitioned articles submitted under the provisions of R.S.A. 39:3 may be acted upon eventhough they are disapproved by the Budget Committee, provided that the amounts appropriated thereunder do not exceed the ten per cent increase statutorily authorized under R.S.A. 32:8.

Restrictions on Use of Bond Proceeds:

In 1972 long-term notes in the amount of $20,000 were issued for the replacement of Oak Street Bridge, in accordance with the vote of the Town.

The proceeds of these notes were transferred to the custody of the trustees of trust funds thereby setting up a capital reserve fund for the above stated purpose.

There is no statutory authority contained in the New Hampshire Revised Statutes Annotated which permits the issuance of long-term obligations by municipalities for the creation of capital reserve funds.

It is recommended, therefore, that the proceeds of the notes issued for this purpose be returned to the custody of the Town treasurer in keeping with the provisions of R.S.A. 41:29.

In connection with this issue of long-term notes for the Oak Street Bridge project, the 1974 Town Meeting, under Article 12J of the town warrant, voted "to reappropriate $20,000 which was appropriated in 1972 for the Oak Street Bridge to be used for the Athletic Recreational Complex" and to replace the funds appropriated by the 1972 meeting for the bridge project by a withdrawal of the same amount from the Revenue Sharing Fund.

The Town Clerk's records do not indicate that the vote authorizing the change in purpose for this particular issue of notes obtained the two thirds vote required by R.S.A. 33:3-a. In any event, however, the aforesaid statute provides for a change in use of funds obtained from note issues only when the proposed project is not to be carried out or when there are unexpended proceeds remaining after an authorized project has been completed.

It must be asserted, therefore, that the vote of the 1974 Town Meeting on this matter is ineffectual both as to the unexpended proceeds of the 1972 long-term note issue and the withdrawal of Revenue Sharing funds authorized as a replacement thereof.

Use of Premiums on Sale of Bonds Restricted by Statute:

Under Article 16E, the 1973 Town Meeting voted to appropriate the sum of $29,731 for the purpose of installing new sewer mains on Fairbanks Road, Roseland Road and DeWalt Avenue Extension. In connection with the said project, the Town authorized the use of $16,731 of accumulated interest in the Sewer Construction Fund.

The records of the Sewer Construction Fund disclosed, however, that available accumulated interest in the said Fund amounted to only $7,700. The difference between the $16,731 voted by the Town and the stated sum of available interest, namely $9,031, represented premiums received on the sale of 1971 sewer bonds.

Whenever a municipality votes to use premiums on bonds for a purpose other than that for which bonds were originally issued, the provisions of R.S.A. 33:3-a must be adhered to. Accordingly, a vote to transfer the use of such premiums requires a two-thirds majority of the electorate present and voting at an annual meeting; provided, further, that the project for which bonds were originally issued has been completed prior to the taking of the vote.

In this instance, the original sewer construction project financed by the 1971 sewer bonds had not been completed when the vote was taken to utilize the premiums thereon for another purpose. In addition, the records indicate that a simple majority vote was obtained in connection with the said vote.

Consequently, the vote of the Town in this matter is considered ineffectual. In support of this assertion, we respectfully direct your attention to the following excerpt of R.S.A. 33:3-a.

> 33:3-a Use of Bond Proceeds.
>
> "...If after notes or bonds have been issued and no expenditure of the proceeds has been made for the purpose or purposes for which the debt was incurred, or if a balance remains after the completion of the project or projects for which the debt was authorized, ... a town ... by a vote of two-thirds of the voters present and voting at an annual meeting ... may authorize the expenditure of the sum or sums on hand, including any premiums received ..."

Use of Revenue Sharing Funds Statutorily Limited:

The 1974 Town Meeting passed several votes regarding the use of Revenue Sharing entitlements which must be considered of no effect because of statutory limitations imposed by the State and Local Fiscal Assistance Act of 1972. These were as follows:

1. Under Article 12F, the sum of $15,000 was voted for retirement of maturing sewer department debt.

Inasmuch as the Town's outstanding sewer debt was incurred, in part, to provide the Town's matching share of a Federal sewer construction grant, a vote to use Revenue Sharing funds for the payment of maturing debt on these sewer bonds is not proper because it is in conflict with the statutory provisions of Section 104 of the State and Local Assistance Act of 1972. These prohibit the use of Revenue Sharing funds by recipient governments as their contribution for the purpose of obtaining Federal funds under any law of the United States which requires such governments to make a contribution in order to receive Federal funds.

2. As stated earlier in these comments, under Article 12J, it was voted to reappropriate to the Athletic Recreational Complex the sum of $20,000 which was originally appropriated in 1972 for the Oak Street Bridge. It was further voted to replace the funds originally allocated to the Oak Street Bridge Project with Revenue Sharing funds.

Inasmuch as the vote to reappropriate the 1972 appropriation for the Oak Street Bridge is ineffectual because such a vote could not lawfully be taken at the time under the provisions of R.S.A. 33:3-a, the vote to replace the "reappropriated" funds with Revenue Sharing funds must also be considered ineffectual.

3. The 1973 Town Meeting appropriated the sum of $29,731, under Article 16E, for the purpose of installing new mains on certain roads as was mentioned previously. This appropriation was financed, in part, in accordance with the vote of the 1973 Town Meeting, by Revenue Sharing Funds in the aggregate amount of $13,000. This project was carried out in 1973.

Under Article 19 of the 1974 Town Warrant, the Town Meeting voted to rescind the 1973 appropriation of Revenue Sharing funds allocated to this project and further voted to reallocate those funds to the Police Department.

There is no authority in the Revised Statutes Annotated which allows municipalities to rescind fully expended appropriations made in previous fiscal years.

Consequently, the vote of the 1974 Town Meeting on the said Article 19 must be considered ineffectual inasmuch as it is not in compliance with the provisions of Section 123 (a) (4) of the State and Local Fiscal Assistance Act of 1972. This section requires that recipient governments will provide for the expenditure of Revenue Sharing entitlements only in accordance with the laws and procedures applicable to the expenditure of their own revenues.

In connection with the appropriation of Revenue Sharing funds by the Town, it is recommended that extreme care be taken by all concerned officials in the preparation of the annual budget requests to the end that the use of such entitlements received from the Federal government will be limited to those areas specifically authorized by statute, and that votes connected therewith will fully comply with all applicable State and Federal requirements.

The current status of the Revenue Sharing Trust fund account should be reviewed. Withdrawals from this trust fund which were not made in accordance with the provisions of law should be returned thereto.

Excess Revenue Sharing Entitlements Paid to Town:

On May 2, 1974 the Town was notified by the Office of Revenue Sharing that it had received more Revenue Sharing funds than it was entitled to.

The stated amount of such overpayments totaled $86,493. As of December 31, 1974, the sum of $27,547 due to the Town for the fifth Revenue Sharing entitlement period (7/1/74-6/30/75) had been applied by the Federal government towards the aforesaid overpayment.

Consequently, the amount of Revenue Sharing entitlements overpaid to the Town was reduced to $58,946 at the close of the fiscal year 1974. The Town elected to have future entitlement payments adjusted by the Federal government to effect payment of the overpaid sums.

Appropriations for Capital Reserve Funds and Application of R.S.A. 35:12:

The 1973 Town Meeting voted "to appropriate the sum of $20,000 from funds received under the 'State and Local Fiscal Assistance Act of 1972', to replace the Oak Street Bridge and to deposit those funds in the Oak Street Bridge Capital Reserve Fund to repair or replace the Oak Street Bridge".

As indicated in the 1973 comparative statement of appropriations and expenditures, however, these monies had not been paid to the Trustees of Trust Funds at December 31, 1973.

Regarding appropriations for capital reserve funds, R.S.A. 35:12 stipulates that such appropriations must be paid to the trustees of trust funds on or before December 31st following the vote thereon.

Water and Sewer Department Accounts:

The accounts of the Water and Sewer Departments do not reflect the cost of capital acquisitions prior to January 1, 1970. Consequently, capital contributions applicable to each department can not be determined for these fixed assets. Further, no inventory records are maintained by the departments. Revenues are recorded on the accrual basis, but expenditures are recorded on a cash basis, and do not include provisions for depreciation or accrued expenses.

These accounts, therefore, do not conform to generally accepted accounting principles applicable to such public service enterprises. Thus, we are unable to express an opinion concerning the fairness of the financial condition of these departments, and the results of their operations, as disclosed in Exhibits 6, 7, 8, 9, 36, 37, 38 and 39 of this report.

Tax Collector:

Our examination of the Tax Collector's accounts and records disclosed a number of inadequacies in the accounting functions of said office, the most significant of which are enumerated herewith:

1. Charges for interest collected on delinquent taxes were not effected in an equitable and consistent manner. In some instances, taxpayers were required to pay the statutory interest due to date of payment, while in other instances interest due was overlooked in full or in part. A review of the 1974 property tax warrant prompted an analysis of interest due on delinquent taxes that was not collected. The period reviewed was from January 1, 1975 to August 31, 1975. This analysis indicates that for the period in question, a total of $1,174.21 in revenue from statutory interest due on delinquent taxes, was not realized by the Town.

2. Posting errors for tax sale redemptions were uncovered on the tax sale books; a number of payments were not posted while others were not posted to the proper accounts.

3. Our report for the fiscal year ended December 31, 1972, contained a comment relative to the non-issuance of tax deeds for tax liens on which the statutory two years redemption period provided by law (R.S.A. 80:38) has expired. In this connection, we noted an unusual amount of abatements issued covering unredeemed taxes.

4. Abatements of both uncollected and unredeemed taxes are posted by the Tax Collector to the respective tax warrants before abatements are actually approved by the Selectmen. Towards the close of the fiscal year, a list is drawn up of abatements so posted, for the signature of the Selectmen. The reasons for the abatements are not always indicated on the said abatement lists or anywhere else in the Town records, contrary to R.S.A. 76:16 which reads, in part, as follows:

"76:16 Abatements. The Selectmen, for good cause shown, may abate any tax assessed by them, or their predecessors."

5. All tax warrants are prepared by the tax collector and deputy tax collector for presentation to the Selectmen for their signature. This function, incompatible with the office of the tax collector, is properly that of the Selectmen as provided in the following State statute:

"76:10 Selectmens' Lists and Warrants. A list of all property taxes by them assessed shall be made by the selectmen under their hands, with a warrant under their hands and seal, directed to the collector of such town, requiring him to collect the same....."

Some of the above items were commented upon in our previous audit report. It is recommended that appropriate steps be taken to correct the foregoing inconsistencies with applicable statutes at the earliest possible date.

Reimbursement of Bounties by State of New Hampshire:

In accordance with the provisions of R.S.A. 470:2, certain bounties are paid by the Town to persons entitled thereto.

It appears, however, that reimbursement claims are not being filed with the State of New Hampshire as required by R.S.A. 470:4.

It is recommended that appropriate action be taken to recover such payments from the State of New Hampshire. It should be noted that the accumulated amount of bounties paid by the Town but not recovered from the State at December 31, 1974 was $322.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Newport for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante

TOWN OF NEWPORT

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Newport for the fiscal years ended December 31, 1973 and December 31, 1974.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

A general accounting system is not maintained for either the Water Department or the Sewer Maintenance Fund. The accounting records for these departments are, therefore, incomplete and do not reflect all of these utilities' resources and liabilities. Consequently, it must be stated that the financial condition and operating results shown in Exhibits 6, 7, 8, 9, 34, 35, 36 and 37 for these agencies are not accurately stated.

In our opinion, subject to the qualifications mentioned in the preceding paragraph, the accompanying balance sheets, statements of revenues, appropriations and expenditures, and surplus, present fairly the financial condition of the Town of Newport at December 31, 1973 and December 31, 1974, and the results of its operations for the years ended on those dates in conformity with accounting practices generally followed by municipalities applied on a basis consistent with that of the preceding year.

Respectfully submitted,

Frederick E. Laplante

TOWN OF NEWPORT

AUDITOR'S OPINION

We have examined and audited the accounts and records of the Town of Newport, New Hampshire for the fiscal year ended December 31, 1975.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In accordance with the practices followed by the Town of Newport, there is no record of the fixed assets or capital contributions in the Water and Sewer Departments (Enterprise Funds). Likewise, no inventory records are maintained. Because of the material effect of the omission of fixed assets and related depreciation on the financial position, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1975.

In our opinion, subject to the qualifications in the preceding paragraph covering the Enterprise Funds, the accompanying balance sheets and statements of sources of revenues and expenditures present fairly the financial position of the Town of Newport, New Hampshire at December 31, 1975 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities in the State of New Hampshire, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Plodzik and Sanderson

TOWN OF NEWPORT

LETTER OF TRANSMITTAL

Board of Selectmen
Town of Newport
Newport, New Hampshire 03773

Gentlemen:

We have examined the books and records of the Town of Newport, New Hampshire for the fiscal year ended December 31, 1975, and have prepared the attached exhibits and schedules in conformity with the recommended format prescribed by the Municipal Services Division of the State of New Hampshire.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, District Court, Trustees of Trust Funds and Newport Conservation Commission.

FINANCIAL INFORMATION

General Fund:

Balance Sheet: (Exhibit A-1)

A balance sheet which discloses the financial condition of the general fund as of December 31, 1975, is presented in Exhibit A-1. As indicated therein, the Town had a current deficit of $984 as of December 31, 1975.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in current financial condition of the Town is contained in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Current Surplus:	
Net Budget Deficit (Exhibit A-4)	$41,258
Increase in Current Surplus:	
Payroll Fund Cash Adjustment	382
Net Change	$40,876

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1975, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of $34,470, plus a revenue deficit of $6,788, resulted in a net budget deficit of $41,258.

Capital Projects Fund:

Balance Sheet: (Exhibit A-5)

A balance sheet of the capital projects fund as of December 31, 1975, is included in Exhibit A-5. As indicated therein, the various fund balances totalled $338,572 as of December 31, 1975.

Statement of Appropriations, Expenditures and Fund Balances: (Exhibit A-6)

A statement of capital projects fund appropriations, expenditures and fund balances is disclosed in Exhibit A-6.

Enterprise Funds:

Water and Sewer Departments: (Exhibits A-7, A-8, A-9 and A-10)

Balance sheets of the water and sewer departments as of December 31, 1975, are presented in Exhibits A-7 and A-9 respectively. Classified statements of receipts and expenditures of the above departments are included in Exhibits A-8 and A-10. As noted in our auditor's opinion, there are no fixed asset or contributions in aid of construction accounts maintained for these funds. Likewise, there is no record of inventory maintained. Therefore, we do not express an opinion on the financial statements of the Enterprise Funds as of December 31, 1975.

Long-Term Indebtedness:

Balance Sheet: (Exhibit A-11)

A balance sheet disclosing the long-term indebtedness of the

Town as of December 31, 1975, is included in Exhibit A-11. As stated therein, the long-term debt of the Town amounted to $2,416,900 as of December 31, 1975.

Statement of Debt Service Requirements: (Exhibit A-12)

A statement showing annual debt service requirements of principal and interest is included in Exhibit A-12.

OTHER FUNDS AND OFFICIALS' ACCOUNTS

The accompanying supplemental exhibits covering segregated funds and the accounts of those officials entrusted with the custody, receipt or expenditure of Town funds, are presented in accordance with the current requirements of the Municipal Services Division of the State of New Hampshire. Although not considered necessary for a fair presentation of the financial statements and results of operations, our examination of these accounts included the same tests and auditing procedures applied in the examination of the aforementioned financial statements. In our opinion, these exhibits are stated fairly in all material respects when considered in conjunction with the financial statements taken as a whole.

GENERAL COMMENTS

Overdraft of Appropriations and Application of Municipal Budget Law:

It is noted that there was a net overdraft of appropriations in the amount of $34,470. In other words, total expenditures exceeded total appropriations by this amount as indicated below:

Overdrafts of Appropriations	$76,096
Unexpended Balances of Appropriations	41,626
Net Overdraft of Appropriations	$34,470

Included in the net overdraft was $28,327 in the "overlay" assessment. Because the amount of overlay is set by the Board of Selectmen, rather than appropriated by the Town meeting, the net overdraft of appropriations should be reduced by the overdraft in the "overlay" assessment, leaving a net overdraft of budgetary appropriations of $6,143.

In cases of this sort, the provisions of the Municipal Budget Law (R.S.A. 32:10) require that the Board of Selectmen, with the approval of the Budget Committee, petition the Commissioner of Revenue Administration for a certificate of emergency which would authorize the expenditures made in excess of budgetary appropriations. The records do not indicate that this procedure was followed.

Change of Fiscal Year:

At the annual Town Meeting held on March 1, 1974, it was voted to change the Town's fiscal year from January thru December, to July thru June. As of the time of this audit, no action has been taken to effect this change as voted at the 1974 Town Meeting. We recommend that the selectmen take the necessary steps to implement the change in fiscal year as expressed by the Town Meeting.

Additional comments and recommendations for changes in bookkeeping and internal control procedures are included in a separate letter to the Town Manager.

We extend our thanks to the officials and the office staff of the Town of Newport for their assistance during the course of the audit.

Very truly yours,

Plodzik and Sanderson

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Newport:

Departing from the usual type of report, I present for your review what we are trying to emphasize in your schools during 1976-77.

General goals have been developed on a School Union-wide basis. These have been made more specific on a District-wide level and then formulated within schools.

Union-Wide Goals 1976-77

1. Emphasis upon developing competencies in Language Arts and Mathematics.
2. Promote concept of Career Education as an integrated part of the curriculum.
3. Work toward appropriate use of individualized instruction.
4. Stress training for citizenship, values and decision making.
5. Work to develop better lines of communication with emphasis on schools of different levels.
6. Continue to explore possible alternatives to present programs of education.
7. Provide specialized training for the handicapped — as needed.
8. Work toward adequate methods of accountability — including competency performance.

Newport Elementary Goals

1. A minimum of one year's growth in Reading as indicated by the Stanford Achievement Tests, which are given in the spring of the school year, will be achieved by at least 90 percent of all 1st, 2nd, 3rd, 4th, 5th and 6th graders.
2. A minimum of one year's growth in Mathematics as indicated by the Stanford Achievement Tests, which are given in the spring of the school year, will be achieved by at least 90 percent of all 1st, 2nd, 3rd, 4th, 5th and 6th graders.
3. The Reading, Mathematics, Science, Social Studies, Health, Language and Spelling Curriculum Committees will meet at least four times during the school year to discuss curriculum and other matters of concern. By June 10, 1977 each committee will submit, in writing, what was accomplished.
4. Continue to implement a program to deal with handicapped students as outlined in P. L. 94-142.
5. The Head Teacher and all Grade 6 staff members will be active participants in all scheduled meetings to coordinate and bridge the gap between Grade 6 at Towle School and Grade 7 at the Newport Jr. High School.
6. All Richards School and Towle School personnel will continue to develop better lines of communications between the schools and the community.
7. Staff members will be active in programs of staff development and career education.
8. Richards School and Towle School representatives will be active participants in the cooperative regional efforts to develop an Elementary Science Curriculum.

Goals for Newport Jr.-Sr. High School 1976-77

1. Continue to separate the Junior-Senior High School in all possible ways.
2. To lower absenteeism, truancy and class-cutting by five percent or more.
3. To establish basic competencies in Math and English. This will be measured by written tests and class performance.
4. Establish and implement as more feasible "warning system to parents" in order to lower the high failure rate in several courses.
5. Continue implementation of Career Education through tie-in with the new Career Information Center.
6. Continued review of teaching methods and techniques through a close relationship between principal, department head and teacher.
7. Continued study and evaluation of the non-athletic extracurricular program.
8. Establish, through evaluation of tests and classroom performance, students in need of remedial math and reading and channel these students into the proper programs.
9. That standards for graduation be studied and upgraded during the 1976-77 school year.
10. That more avenues to help the "turned-off student" be explored.
11. That more communication be established between the elementary school and the high school.
12. That alternatives to released time be studied and implemented after proper approval in the 1977-78 school year.
13. Continue to implement a program to deal with handicapped students as outlined in P. L. 94-142.

Goals and the objectives to implement them are drawn up to aid the students within our schools. Evaluating, changing when necessary, and constantly looking for better solutions continues to be our top priority.

CONCLUSION . . .

After 30 years in public school administration, I believe our schools are attempting to perform in some areas where they have neither the means nor the expertise to succeed. I do not advocate a return to the "one-room school" even though I spent my first four school years in such a setting. School personnel should proceed slowly and cautiously in undertaking new areas to "conquer." We need to concentrate and **drill** on basic fundamentals which are needed and necessary for all students before more sophisticated endeavors are attempted. We should not be satisfied with mediocrity.

Your attention, concern, and consideration of our efforts are solicited.

Respectfully submitted,
GORDON B. FLINT
Superintendent of Schools

ANNUAL REPORT OF THE PRINCIPAL
NEWPORT HIGH SCHOOL

February 7, 1977

Dear Mr. Flint:

The present academic year, 1976-77 is well under way. The student enrollment as of September 7, 1976, Grades 7 through 12, was 750.

Newport High School continues as a comprehensive high school, accredited by the New Hampshire Department of Education annually and by the New England Association of Schools and Colleges.

The last evaluation of Newport High School took place in 1974 at which time we were given tentative approval until 1976. During this two-year period many changes were made in our overall educational program.

The New England Association indicated a high degree of satisfaction with our progress and in November of 1976 we were fully accredited by the New England Association of Schools and Colleges for eight more years or until 1984. Newport High School will be evaluated again in 1984.

There has been a determined effort to improve the quality of our educational program. We are constantly striving to offer courses to our students that will benefit them in the future.

A big push is being made in the areas of reading, writing and basic math. We feel a student should be proficient in these areas before they leave Newport High School. One of our main goals is to make this a reality in every case.

Students in our Vocational areas, through the excellent cooperation of many businesses in the community, have been able to gain valuable experience on the job through the Co-op Program.

The success that a student has in school depends a great deal on the attitude he or she has towards the school work. An interested student who realizes the importance of a good education will usually do well in school. An uninterested student who doesn't care about his school work usually will do poorly in school. Parents have a large role to play in their children's attitude towards school. They must be continually interested in what their children are doing in school. A child should be praised when something is done well and helped when something is completed poorly. If a child does not have someone continually interested in him and what he is doing, it will be difficult for him to find reasons to do his best work in school.

I would hope that constant communication between the student, the parent and the teacher can continue so that all of us can work together for the benefit of the student.

I wish to thank the citizens, parents, students and other school personnel who are helping to make this a successful year.

Respectfully submitted,
RODNEY J. WALKER
Principal
Newport High School

ANNUAL REPORT OF THE PRINCIPAL
RICHARDS ELEMENTARY AND TOWLE ELEMENTARY SCHOOLS

February 4, 1977

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Mr. Flint:

I am pleased to submit my 19th annual report as principal of Newport's Elementary Schools.

A brief summary of information important for parents and citizens to be conscious of is listed below:

1. We are all anxious to have children succeed in school. School work is the most important business of the children in our care. Careful home training, good health, religious instruction and a thorough education are the best insurance for the future success and happiness of our children. We must be sure that they have these at whatever sacrifice.

2. It is my belief that the children of Newport will contribute toward making the next generation a still better one than the generation of which we are now a part.

3. To retain our best teachers and attract other capable teachers to Newport, we must continue to have a competitive teacher salary schedule, continue improving building facilities, reduce classroom size, and provide our teachers with the tools needed that would be conducive to the improvement of the education in Newport, in accordance with the Minimum Standards and Recommendations for New Hampshire Elementary School Approval developed by the New Hampshire State Board of Education.

4. The school staff continued to work to improve the school programs to insure avenues of achievement for all our students through participation in Staff Development, Career Education and Right To Read programs.

5. The Richards School and Towle School personnel are doing an excellent job in helping meet the energy crisis.

   1. Turned down thermostats
   2. Turned off many lights in the building
   3. Cut down on field trips
   4. Pulling home room shades down every p.m.

6. Homerooms are grouped heterogeneously (pupils working with others on a different level of achievement).

7. Educational television in Health (All Grades), Social Studies (Grades 1, 5, 6), Art (Grade 5, Special Education), Music (Grades 1, 2), Ecology (Grades 1, 5), Literature (Grades 1, 2, 3, 5), Linguistics (Grade 1), Science (Grades 1, 3, Special Education), Interdisciplinary (Grades 4, 6), Nutrition (Grade 5), has continued as an aid to teaching.

8. Federal funds from Title I, Title II, and Title III were used in projects for the "educationally deprived" students and indirectly benefited all the pupils.

9. Towle Elementary School participated in the annual Union-Leader New Hampshire State Spelling Bee for the 19th straight year under the direction of Mrs. Dorothy Flint.

10. New books are continually being added to the Richards School Central Library and to our new Towle Library Resource Center which we hope will be in full operation this year. Again, I want to take this opportunity to thank the parents and citizens who volunteer countless hours of their free time supervising both library centers.

11. The Richards and Towle School children, for the 19th year, have continued to do an excellent job selling tickets for the annual Newport Teachers' Scholarship Fund Supper.

12. Close to 165 Towle pupils are bused daily to the Newport High School Cafeteria for noon lunch. The Richards School Cafeteria feeds approximately 300 pupils each day on three shifts.

13. Requests for referral to Child Guidance Clinic can be made at any time by parents and teachers. Some of the agencies which have been helpful to us include:

1. Counseling Center of Sullivan County, Claremont, N.H.
2. Hitchcock Clinic, Hanover, N.H.
3. N.H. Child Guidance Clinic, Concord, N.H.

14. We have several volunteers helping in the classrooms under the teachers' direction.

15. Fire drills were held at least once a month and twice a month during warm weather. Children on the second floor of the old Richards building have used the fire escape during fire drills.

16. A group of concerned mothers with children in the elementary grades have sponsored projects and given the proceeds to the Richards School, to be used to supplement regular materials. Another year they hope to do the same for Towle School.

17. The Newport Elementary Physical Education Club under the direction of Barbara Rosinski, Physical Education Instructor, has raised and donated over $3,000 for physical education equipment for the elementary grades and Towle School Winter Sports' Program.

I wish to thank all those connected with these schools, parents and the citizens of Newport for their continued fine support and cooperation to make this past school year a successful one. I sincerely urge parents and citizens to visit their schools at any time throughout the year, because when the partnership between home, the community and school is strong the education of children is good.

Respectfully submitted,
ALKIVEADIS JURIS
Principal

REPORT OF TEACHER CONSULTANT

Special Education. Few topics have received such widespread reaction and involvement than that of education for the handicapped. Pursuant to both state and Federal legislation requiring school districts to provide special and appropriate education for children identified as intellectually, physically, or emotionally handicapped, we have embarked on a plan of action to deal with this issue as follows:

— In-service workshops for special education staff, guidance, reading, speech and other specialized personnel to learn about the regulation governing the process.

— Attendance at meetings designed to clarify issues, definitions, and procedures.

— Establishment of Pupil Placement Team whose responsibilities range from initial review of referral to final program recommendation, including parental involvement with permission to evaluate and acceptance or rejection of the program recommended.

— Compliance with the regulation requiring due process procedure and confidentiality of information.

— Cooperating with state-wide "child find" procedures in reporting numbers of handicapped children served in order to establish an official count as the basis for any future Federal funding to support local special education programs.

— The preparation of a documented local plan for the education of the handicapped to include (1) population by numbers, age and handicapped; (2) identification of present resources including staff, placement teams, and other agencies who may assist in the diagnostic and programming procedures (3) procedures for writing Individual Educational Plans for students, and (4) plans for the future.

Considerable guidance and technical assistance in this field has come from the Central N.H. Educational Resource Program, Inc. located in Concord and directed by Dr. Alan Pardy. Our association with this center during the first year has been on a no-cost planning/consultant basis, with local administrative representation on its Executive Board.

As we move toward another year of involvement with the education of the handicapped, steps will be taken to seek diagnostic/prescriptive and direct services to students. Among these might include (1) speech language, psychological services through district support on a per capita basis, to be included in budget requests for 1977-78, (2) continued services of the Counseling Center of Sullivan County, (3) additional personnel as may be required to meet the needs of special education programs in the district, and (4) continued provision for out-of-district placement of students where such placement might be most appropriate for the individual.

TITLE I ESEA. This cooperative venture into the program of improving reading, math, and other learning disabilities (Newport, Sunapee and Goshen-Lempster) continued through the end of July, 1976 with evaluations indicating a range of 75-96 percent success in the various components of the project including reading, math, learning disabilities, occupational therapy, and summer school offerings. The expansion of the program to include these varied components seemed somewhat fragmented when attempting to evaluate total progress. For

this reason, the new program for the year 1975-76, opening in September was modified to provide the following:

— A part-time director (Mrs. Jean Walsh) of the project to see to the coordination of services, provision for program direction, and to assume responsibility for evaluation of project and application for the next year based on a needs assessment to be completed.

— Concentration in the areas of reading and individual student self-concept.

— Addition of a Reading Teacher (Snow Wakeman).

— Continuance of a Learning Disability Teacher (Lisa Solbert replacing Theresa Kramer) and home visitor (Keith Kendall replacing E. Klock) — with primary emphasis on the reading and self-concept objective of the project.

— Continuance of Reading Aides:

Jean Bates and Linda Jensen (Towle);
Marilyn Cilley (Jr.-Sr. High);
Nancy Edgar and Mary Pavlik (Richards);
Terrance Gascoyne (Special Aide at Towle Elementary to give supportive services to needs of Special Ed. students).

Early problems in filling some of the above positions seemed somewhat burdensome, but were soon resolved to complete the Title I staff on a full-scale operation. We look forward to continued success in the new concentration of effort.

I wish to express appreciation to all co-workers throughout the district in dealing with the many aspects of designing program and procedures in developing appropriate learning environments for students. For that cooperative effort, I am deeply grateful.

Respectfully submitted,
ALPHONSE J. SOUCY
Teacher Consultant

REPORT OF WORK STUDY COORDINATOR

February 1, 1977

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire

Dear Mr. Flint:

The main thrust of the Work Study Program is to prepare students to earn a living in the best way possible. This includes taking Vocational Courses and gaining actual on-the-job training and work experience while still in high school. There are three parts to the program.

Work Experience, as a classroom course, was designed for disadvantaged and handicapped students at the high school level, to help prepare them for some type of work. It includes values and attitudes, preparing job applications, conducting interviews and visiting job sites, among other things. Remedial help is available to students in this program. We plan to modify the program to include interest surveys and open it up to the whole high school population. This year there are 27 students in the program.

Work Study, another part of our program, means jobs for students in non-profit organizations, where the government pays 80% of the students wages, while the local agency pays 20%. So far this school year 27 students have participated in this program. The main criteria for these jobs is that the students be between the ages of 15 and 21 and be in the lower economic group.

Cooperative Education, means the student is receiving on-the-job training and/or work experience. Normally, these students receive pay for the work they do for private businesses, submit a regular report on their progress and hours worked, receive evaluations by the employer and school credit if evaluations are satisfactory and they have enough hours worked. The count at present shows there are 47 students working with contact being maintained between the employer and the school. We also plan to expand this part of the program to get more students and businesses participating.

Respectfully submitted,
JOHN F. O'CONNELL
Work Study Coordinator

REPORT OF THE CAREER EDUCATION DIRECTOR

The school year 1976-1977 has been one of building on what has been successful in the past, and moving into some new areas.

Last year's involvement as one of the sites for the field testing of the New Hampshire High School Career Education Model has allowed us to develop a framework for academic departments to determine their relationship to career education and create the means to integrate concepts into department structure. For example, the Social Studies Dept. at Kearsarge Regional High School is actively working on this as a major thrust this year. Last year's state project has developed into a full effort this year to creat a state plan and organization for career education emphasis in the schools of the state. Our student outcomes from last year provide the present state goals for career education and as a member of the steering committee for the state plan I, and consequently this union, will have a large part to play in the creation of the new career education structure.

On a local level, guidance services are being restructured to provide a much greater emphasis on career and vocational information, namely through the Career Information Center at Newport High School and the proposed Guidance Information Service at KRHS.

A new catalog has been published to increase the effectiveness of the Career Education Resource Center located in the Sunapee Elementary School. The catalog lists and defines all material available, in the CERC and in all media centers in the union. Material, from media kits to teaching units, is available for circulation and in use by teachers, guidance counselors and work experience coordinators. Many subject-area teachers have created their own materials and teaching units.

Several very valid Federal projects have been investigated this year, with the intention of adopting them locally, in the fields of alternative experience-based career education, and although none of them were deemed to suit us, this is a possibility for the future.

Television continues to play a part in career education instruction in the Union with several programs being utilized over the New Hampshire Educational Television Network.

Last year's initial Sunapee Career Education Project at Sunapee Central School, which was proposed for a Better School Award project, has been expanded and improved this year. This involves a total school commitment to the production of a single product with all the attendant research, development, sales and production skills dealt with and includes students, teachers, parents, merchants and the community.

Many of our teachers have become resource people and workshop leaders for other systems in the state.

It is my hope that Union 43 will continue to be a leader in this area in future years and will make full use of the New Hampshire State Plan for Career Education which we are helping to create.

Respectfully submitted,
ROBERT T. WILKINS
Career Education Director
Union 43

REPORT OF GUIDANCE DIRECTOR

February 2, 1977

Mr. Gordon B. Flint
Superintendent of Schools
Newport, New Hampshire 03773

Dear Mr. Flint:

It is a pleasure to submit the annual report of Guidance Services of the Newport School District.

As we enter the second half of the fourth year of our elementary program I would like to offer some statistics.

Since the beginning of the program at the elementary school there have been two hundred forty-two (242) students referred by parents, teachers, and administration. This is in addition to students referred for specific other services such as speech therapy, learning disabilities remediation, developmental therapy, or medical referrals.

About half of these children were referred for problems relative to their adjustment to academic requirements and half for problems of social adjustment which seriously affects their school achievement. Fifty (50) of these referred children have gone on to Newport High School since the beginning of the elementary guidance program. Approximately one-third of these students are receiving some kind of help and support from guidance personnel at the high school. A very small number of these firty (50) students are still considered to have very serious school adjustment problems. In some of these instances it has not been possible to establish positive communications between the parents and the school.

Referral of these children necessitates additional work and cooperation by the teachers because suggestions of the counselors and outside agencies have to be followed through. Their cooperation and that of parents has been instrumental in making the school experience a rewarding one for many children who have had very serious adjustment problems.

The Career Information Center, set up by John Williams, counselor at Newport High School, is in operation and is used a great deal by students. Mrs. Fellows, in addition to counseling activities, is very involved in assisting the administration with the mechanics of educational programming for the students at Newport High School.

The counselors at Newport High School, and I at the elementary schools, strive for improved communications between the school and the community. It is important that the parents of our school children and the other members of the community feel free to contact this department whenever there is a question about our children's education or about education in general.

Respectfully submitted,
HERBERT O. WILLIAMS
Director of Guidance

REPORT OF SCHOOL DISTRICT TREASURER
for the Fiscal Year
July 1, 1975 to June 30, 1976

SUMMARY

Cash on Hand July 1, 1975 (Treasurer's Bank Balance)		$	50.86

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District, in the Town of Newport, in the County of Sullivan, in the State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the 5th day of March 1977 at 1 o'clock to act upon the Articles set forth in this Warrant. Article 1 of the Warrant covering the election of Moderator, Clerk, Treasurer, and Members of the School Board will be acted upon at 1 o'clock p.m. and voting will be by official ballot and checklists and the polls will remain open for this purpose from 1 o'clock p.m. until at least 3 o'clock p.m. At 2 o'clock p.m. the remaining Articles will be acted upon.

ARTICLE 1. To choose a Moderator, Clerk, Treasurer for the ensuing year, and to choose two Members of the School Board for the ensuing three years.

ARTICLE 2. To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

ARTICLE 3. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, and other state sources, together with other income; the School Board to certify to the Selectmen the balance between the revenue and appropriation, which balance is to be raised by taxes by the Town.

ARTICLE 4. To see if the District will vote to authorize the School Board to employ auditors to audit the books of the District for the school year 1976-77 and raise and appropriate the sum of $2,000 for said purpose. (Recommended by the Budget Committee.)

ARTICLE 5. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1977 in excess of $12,222 be placed in a Capital Reserve Fund to be used toward future school transportation needs.

ARTICLE 6. To see if the District will vote to raise and appropriate the sum of $5,000 to provide services for severely handicapped preschool age children from Newport through a Developmental Disabilities Center. (Inserted by Petition). (Submitted without recommendation by the Budget Committee.)

ARTICLE 7. To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, state, local or private agencies.

ARTICLE 8. To transact any other business that may legally come before this meeting.

Given under our hands this 16th day of February 1977.
